

Exam Description

Zero Trust Access

Certification

This exam is in the Fortinet Certified Solution Specialist - Zero Trust Access certification track. This certification validates your ability to design, administer, monitor, and troubleshoot Fortinet ZTA solutions.

Visit the [Cybersecurity Certification](#) page for information about certification requirements.

Exam

The *Fortinet NSE 7 - Zero Trust Access 7.2* exam evaluates your knowledge of, and expertise with, Fortinet zero trust access (ZTA) and zero trust network access (ZTNA) products.

The exam tests applied knowledge and skills, and the ability to deploy, administer, and operate Fortinet ZTA solutions using FortiNAC and FortiClient EMS.

Once you pass the exam, you will receive the following exam badge:

Audience

The *Fortinet NSE 7 - Zero Trust Access 7.2* exam is intended for network and security professionals responsible for the design, administration, operation, and support of Fortinet ZTA and ZTNA solutions.
